## The LevelWorks® People

Level - Flow - Gas Monitoring - Pressure - Temperature  
Sensing Display Controllers - Communications - Control

  <p><b>Point &amp; Continuous Level for Dry Bulk Materials</b></p>	  <p><b>Liquid Level, Flow, Pressure, Temperature Sensors &amp; IS Barriers</b></p>	  <p><b>BirdCage® Submersible, Pressure Transducers &amp; Duplex Pump Controls</b></p>	
  <p><b>Kobold Instruments, Inc. Sensors for: Flow, Level, Temperature &amp; Pressure</b></p>	  <p><b>Continuous Non-Contact Laser Measurement</b></p>	  <p><b>Liquid Level Sensors, Duplex, TriPlex &amp; QuadraPlex Pump Controls</b></p>	  <p><b>Display Controllers in Explosion Proof. Intrinsically Safe, NEMA4</b></p>
  <p><b>Hazardous Gas Detection, Monitoring &amp; Control</b></p>	  <p><b>Conductivity Liquid Level Sensors &amp; Pump Controls, Intrinsically Safe Controls &amp; Duplex Pump Controls</b></p>	  <p><b>Partlow CAL</b></p>	

- ABM SENSOR TECHNOLOGY - Continuous Non Contact Radar & Ultrasonic Level Sensors.
- CLINTON CONTROLS - Industrial UL-Listed Control Panels
- G3-Rio Express, Industrial Wireless Analog and Digital I/O
- GIZMO ENGINEERING - Self Contained, Battery Powered Floats Switches with IS Options
- ICON - Level, Flow and Pressure Indication for Corrosive Liquids
- INTEMPCO - Temperature Indication & Control, Capacitance Level Controls
- ISAAC'S AND ASSOC. - Wireless Digital Radios with Battery Powered Transmitters
- LevAlert - Mechanical Bin Level Indicators - Requires No Power
- MDI - Mechanical & Mercury Tilt Float Switches for Liquids, Motor Contactors
- SENSARAS - Gap and Slot Type Point Level Ultrasonic Switches
- SETRA - Pressure Transducers; Building Enviroments Systems
- SMITH SYSTEMS, INC. - Speed, Motion and Temperature Sensors
- SYMCOM Division LittleFuse - Motor & Pump Protection Controls, IS Realsys

Sensors and Level Controls for Process and Machine Automation

C A Briggs Company Ordering Lines for:  
Level, Flow, Gas Monitoring, Pressure & Temperature  
Sensing, Display, Communications & Controls

Ordering Lines:

Phone: 267-673-8117 ♦ Fax: 267-673-8118

E-Mail: [sales@cabriggs.com](mailto:sales@cabriggs.com)

# Faxback/E-back Shopping List for:

## LEVEL, FLOW, GAS DETECTION, PRESSURE & TEMPERATURE Sensors & Controls for Process & Machine Automation

### LEVEL

- Analog Output Sensors (4 to 20 mA)
- Bin Level Indicators
- Bubblers
- Capacitive Level Sensors
- Conductive Actuated Point Level
- Continuous Level Transmitters
- Digital Output Sensors
- Dry Level Controls
- Dry Product Flow Detection
- Floats Switches
- Floats Transmitters
- Guided Beam Radar
- Intrinsicly Safe Products
- Leak Detection
- Liquid Level Sensors & Controls
- Magnetic Level Gauges
- Overfill Detection
- Point Level Controls (High & Low)
- Pressure Transmitters
- Pump Alternators
- Pump Controls
- Pump Sensors
- Submersible Pressure Transducers
- Sump Sensors
- Tank Inventory
- Thru-Air Radar
- Ultrasonic Level Sensors
- Wastewater & Wet Well Level

### FLOW

- Dry Flow Detection
- Flow Meters
- Flow Rate Totalizers
- Liquid Flow Sensors
- Liquid Flow Switches
- Magmeter

### GAS Detection & Monitoring

- 16 to 64 Channel Color Graphical Display Controllers
- 4-20mA Loop Powered Indicator & Totalizer Display
- Quad and 16 Channel Graphical Display Controller
- Self Contained Gas Detector w/4-20mA Output
- Single & Dual Gas Detectors with Graphical Display
- Single & Dual Gas Detectors with Color Graphical Display
- WireLess Single & Dual Gas Detectors W/Graphical Display

### INDUSTRIAL COMMUNICATION

- Remote Site Monitoring
- Wireless Transmission of Analog/Digital Signals
- MODBUS and ETHERNET (wired and wireless)
- VMI (Vender Managed Inventory)

### INSTRUMENTS

- Batch Controllers
- Displays (Digital & Analog Input; Large Digits)
- Intrinsically Safe Loop Powered Display & Exprosn Proof
- Loop Powered Panel Meters
- Process Meters and Controllers

### Pressure

- Industrial Pressure Sensors
- Intrinsically Safe & Exprosn Proof Transmitters
- Pressure Guages (Analog & Digital)
- Pressure Switches (Mechanical and Solid State)
- Submersible Pressure Transmitters
- Submersible Pressure Transmitters for Waste Water

### PROCESS

- Broken Bag Detection
- Inductive Sensors
- Miniature Solenoid Valves for Fluidic Systems
- Proximity Sensors
- Sanitary Service Sensors
- Speed Sensors
- PumpSaver(R) MotorSaver(R) Controls

### TEMPERATURE

- Digital Temperature Gauges Switches
- RTD's, Thermocouples, Thermowells
- Temperature Transmitters

### ACCESSORIES

- Alarm Panels & Leak Detection
- Audible and Visible Alarms
- Explosion Proof Enclosures
- Fiberglass Enclosures
